A team of runaway horses which had broken loose from a wagon "ran over" a little girl in Tampa, Friday morning, without injuring her, as The Times tells the story. CATARRH BLOOD UNHEALTHY SYSTEM DERANGED

The entire inner portion of the body is covered with mucous membrane; this membranous tissue is abundantly supplied with blood vessels, veins, arteries, and capillaries. Each of these is constantly supplying to this tissue or lining, blood to nourish and strengthen it and keep the system healthy. When the blood becomes infected with catarrhal matter it is not able to furnish the required amount of healthful properties, but feeds the parts with impurities which disease the membranes and tissues so that they become irritated and inflamed, and Catarrh, with all its disagreeable and dangerous symptoms, is established in the system. There is a constant ringing in the ears, a thin, watery discharge from the nostrils, the breath has an offensive odor, slight fever often accompanies the disease, and gradually the entire health becomes affected and the system upset and deranged. In its earlier stages, when Catarrh is confined to the nose and throat, sprays, washes, inhalations, etc., are soothing and in a way beneficial, because they are cleanly and usually antiseptic, but such treatment has no curative effect, because it does not reach the blood. To cure Catarrh the blood must be purified, and this is just what S. S. S. does. It goes down into the circulation and attacks the disease at its foundation; it removes the cause and makes the blood pure and healthy. Then the blood vessels are filled with fresh, reinvigorated blood, which is carried to all the mucous surfaces and linings, the inflammation and irritation are corrected, the symptoms all disappear, the health is improved and Catarrh is permanently cured. Book on Catarrh and any medical advice free to all who write.

AT THE CHAUTAUQUA.

Attractions Thursday Were Varied, and Were Exceedingly Good.

From Friday's Daily Sun:

Yesterday was the beginning of the W. C. T. U. School of Methods, conducted by Miss Louise Hollister, National Organizer, from Evanston, Ill., National headquarters of the W. C. T. U. work.

Miss Hollister is a very bright, alert little woman with very pleasing manner, and filled with zeal for the work. It is a work that ought to find a response in every true woman's heart.

Miss Hollister will address the children in the Tabernacle this afternoon at 3 o'clock and will look for a goodly number of young people at that time.

The Chautauqua has been fine all the way through, and as the Rev. C. W. Sullivan remarked, is a revolving university and a great up-lift to any city.

"Seeing Things" was the subject of Mr. Sullivan's lecture yesterday afternoon, and was made both entertaining and instructive with his crayon drawings and the imagery of his fertile imagination, teaching a beautiful lesson by showing how to see the beautiful, the wonderful and the good in this great world.

The Otterbein Quartette both afternoon and evening were fine, and pleased the audience wonderfully.

The lecture by Dewitt Miller was a great treat, and his fame as a lecturer is well understood.

The moving pictures pleased as they always do, and are fine.

We must not neglect to speak of the grand work Mr. and Mrs. Rucker Adams are doing. They are better this year than ever before, and too much good cannot be said of them.

H. B. Brooker, S. T. Roberts and R. S. Walker made a business trip to Gainesville Monday.

Mr. and Mrs. Tom Gay entertained a party of friends at their home near Wannee Friday night.

The closing exercises of the Roadfield school will be held Thursday afternoon, March 19th.

Messrs. Northrop and Berton have opened up their new store.

The mill recently erected by Bryce-son & Folks will soon be in running order.

Dr. J. L. Kelley paid Roadfield school a very pleasant visit Thursday afternoon. He complimented Miss Reinhold and pupils on the excellent work that has been done during the term.

Mr. Bryceson and family have moved to Wannee, and are occupying the cottage recently vacated by L. Smith. Mr. Northrop has also moved his family to Wannee.

Miss Bonnie Mikell has returned to her home near Lakeland, after a very pleasant stay with relatives and friends.

The old Suwannee river will soon be right for fishing again. The flunky tribe may look out.

D. R. Cummings, agent for the S. A. L. at Wannee, has erected a nice launch on the old Suwannee.

School closes Friday, March 20th, with a picnic at Log Landing, on the Suwannee river. Everybody invited. Come with well-filled baskets.

Geo. W. Roberts will have a launch running on the Suwannee within the next few weeks.
